GRAVER MOBILE

obile laser engraver

cifications

Design	obile stand for laser marking of large i ems with control unit and PC
Radiation source	Fiber laser (IPG Photonics / Raycus / LASSARD)
Radiation wavelength, μm	1064
ource power	20; 30; 50; 100
Laser operating mode	Pulsed
Cooling type	ir
Laser service life, h	100000
cessing field, mm	110x110; 175x175; 220x220; 300x300
tical cable length, m	From 1.5
onnection	USB 3.0
Display	17" diagonal
Supported graphic formats	JPG, PNG, GIF, TGA, BMP, TIF, AI, DX F, DST, PLT, SVG
Supported fonts	TrueType, SHX, JSF
erating temperature range, °C	10–45
Power supply, Hz	220_50_16
cessed sheet materials	Stone, rubber, steel, aluminum, titaniu m, painted (anodized) surfaces, plastic s, plastic, polymers, semiconductors, films, concrete, ceramics, sili ate materials, metally_i_splavy
