

# LS-M450-780QCW

ulsed mode

## Specifications

Average output power	220–450
Radiation wavelength, $\mu\text{m}$	770–980
spectral width (HWHM), nm	4
Fiber output core diameter, $\mu\text{m}$	600/660; 800/880
Protective coating for fiber output	UV-curable acrylate + Teflon
Mounting type	—
