WELDER MINI

pact laser welding machine

cifications

Radiation source	Fiber laser (Raycus)
Radiation wavelength, μm	1060
Laser operating mode	CW
ource power	1500; 2000
Cooling system	Industrial chiller with tempe ature control
erating temperature, °C	15–35
Welding gap, mm	≤0.5
Thickness of welded products, mm	0.5–5
cessed sheet materials	Stainless steel, aluminum, carbon steel, galvanized steel
Cooling type	ater
pe	anual
